## ABOUT

Fulfillment Fund works to make college a reality for students growing up in educationally and economically under-resourced communities. We empower first-generation and low-income students to overcome obstacles and pursue higher education. Through a range of personalized services—including college counseling, college success advising, financial aid guidance, and career readiness programs—Fulfillment Fund builds pathways toward economic mobility, helping students develop the skills necessary to attend college, graduate successfully, and secure that first meaningful job toward a thriving career. We provide life-changing support, enabling students to thrive and become future community leaders.

Last year, 98% of Fulfillment Fund high school students graduated. Of these promising students, 92% went on to enroll in college, with 84% graduating from college within six years—compared to LAUSD’s 25% college graduation rate.

# SIP & CELEBRATE

Sip & Celebrate is Fulfillment Fund's annual gala where we celebrate our organization's impact on students and families in Los Angeles, honor dedicated community leaders, and raise essential funds to support our life-changing programs. By supporting Sip & Celebrate, you will help ensure that deserving students have the resources and support they need to overcome barriers to higher education, access opportunities, and build lasting financial stability for themselves and their families.
